

Road to Fair Transport

The EU Mobility Package introduced new rules and regulations related to the road transport sector

It provides protection for drivers and operators and helps to ensure fair labour mobility on the road

- Regular stops are mandatory
- There is a limit of time that drivers can spend on the road and in the cabin of the vehicle

- Drivers need to receive appropriate remuneration when posted to another country
- Employers are bound to organize return trips for drivers every 3 or 4 weeks

- The tachograph must be used correctly
