

# The Tachograph

Ensures fair competition and better working conditions for drivers

## How to correctly use the mode switch:

- Record the start of the working day by selecting the *country code* even if you did not eject your driver card at the end of your previous working day
- Select the '*bed*' symbol during breaks
- Select the '*crossed hammers*' symbol during other work such as loading and unloading
- Record the end of the working day by selecting the *country code* even if you did not eject your driver card
