Name: Henna Huhtamäki

Short bio:

I work as director in the unit for planning and international social security. The main tasks of the unit concern coordination of social security systems in relation to cross-border mobility, planning the state budget for social security benefits and impact assessments of social security legislation.

I have a university degree in law and my employment history includes working in international social security matters for about 20 years at the Ministry and in the Social Security Institution. In addition to my work, I am involved in the administration of the Seamen's Pension Institution and in the Appeals Board for Accidents at Work.
