¹ Pursuant to **article 31** of the new data protection regulation for EU institutions and bodies (**Regulation (EU) 2018/1725**) each controller and processor have to maintain a **record of processing activities** under its responsibility that contains at least the information listed under that article.

1.2 PURPOSE AND DESCRIPTION OF THE PROCESSING

1.2.1 Purpose

The purpose of the processing operations is the collection, management, and elaboration of good practices submitted. The Cooperation Support Unit collects and uses the contact details of individuals who represent legal entities that have submitted a good practice in response to a Call for Good Practices issued by ELA. These details are used specifically to follow up with applicants for additional information about their application. Collected applications will be reviewed and published online.

The database and corresponding good practices have been set up in line with Article 11 of Regulation (EU) 2019/1149 of the European Parliament and of the Council establishing a European Labour Authority. It aims to promote the exchange and dissemination of experiences and good practices, including examples of cooperation between relevant national authorities.

Description:

1.2.5 Comments on the processing of the data

The technical solution is the design of a database where applicants can upload their good practice applications, which are at a later stage revised in cooperation with the ELA. Once finalised, they will be stored in the database and available to the public. The open call for good practices will be published on ELA's website, and the database will be accessible through the link on ELA's website.

The information will be gathered through the database.

The Cooperation Support Unit is the Controller of this process of personal data.

1.3 DATA SUBJECTS AND DATA CATEGORIES

1.3.1 Data subjects' categories

1. Internal to organisation	N/A
2. External to organisation	<input checked="" type="checkbox"/> Yes Data subjects are individuals who represent legal entities who respond to the calls for good practices

1.3.2 Data categories/fields

Indicate the categories of data that will be processed

Registration in the database:

The categories of personal data collected when registering online and further processed are:

- Contact person representing the legal person: name, surname, job position, email address of the contact point or the legal person they represent

Screening of good practice applications

The Cooperation Support Unit will screen the applications to ensure that they are in line with the criteria defined in the call for good practices.

Selection and management:

The categories of data collected and further processed for pre-selected good-practice applications are:

- Revision and finalisation of good practice fiches, which means that applicants will be invited by ELA to provide additional information about their good practice through the database (for examples of activities and objectives). No further personal data will be required from the applicant.

Contact list:

The legal subject representatives can be invited as speakers at ELA's events. A specific consent will be requested.

1.3.2.1 Special categories of personal data

Indicate if the processing operation concerns any 'special categories of data' which fall(s) under Article 10(1), which shall be prohibited unless any of the reasons under article 10(2) applies:

Yes , the processing concerns the following special category(ies):

1.8 SECURITY MEASURES

Short summary of overall Technical and Organizational Measures implemented to ensure Information Security:

Description:

All data in electronic format (e-mails, documents, uploaded batches of data etc.) are stored either on the servers of the European Labour Authority or of its contractors.

The European Labour Authority's contractors are bound by a specific contractual clause for any processing operations of personal data on behalf of the European Labour Authority, and by the confidentiality obligations deriving from the General Data Protection Regulation.

In order to protect personal data, the European Labour Authority has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online security, risk of data loss (availability), alteration of data (integrity) or unauthorised access (authentication), taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.
